

## IndexExploit Licences

### Introduction

A range of licences are available to give you just the tools you need.

### Word Functionality

When first downloaded a software licence is applied which allows a user to create up to 100 embedded entries and create an index picklist containing up to 100 entries.

When 100 index entries have been created the licence is expired. There is no limit to the number of times that the index picklist can be used.

The full licence for Word embedded index functionality is W30K.

### PDF Functionality

When first downloaded up to 100 PDF searches are available. After that the PDF component of the licence is expired. Requires Adobe Acrobat Pro or equivalent with Adobe Inter Application Communication (IAC)

The full licence for PDF functionality is P2K
